

Teaching Evaluations Summary

Hitanshu Pandit

Statement of Teaching Evaluation

I served as a Graduate Teaching Assistant at the Department of Economics for five semesters, starting from Fall, 2019 until Spring 2021. I taught one semester of offline recitation sessions for Economics and Business Statistics before university switched to online teaching mode due to COVID-19. Below, I include summaries from my teaching evaluations for all the courses where I served as a Graduate Teaching Assistant. Teaching evaluations are conducted anonymously at the end of each semester at the University of North Carolina at Greensboro. I provide both statistical evaluation and open-ended student responses. In total, I present information from fifteen course evaluations: seven sections of Economics and Business Statistics and eight sections of Principle of Microeconomics.
